Knowledge transfer to conduct the GPS Survey of Waqf Properties in Meghalaya State

National WAMS Project Coordinator Shri Naeem Ahmed, Director (Technical), NIC, New Delhi visited the Meghalaya State Waqf Board, Shillong during December 30, 2015 to January 04, 2016 to review the progress of the computerization process and to sort-out any technical problem (if any) in operating the WAMS On-line System. Another objective was to transfer the knowledge pertaining to GPS Field Survey of Waqf Properties to the Waqf Board Officials by way of sampling for few Waqf Properties.

On-the-field-Training with the intention of transferring the Knowledge w.r.t. GPS Field Survey as well as Photographs capturing of Waqf Properties for inputting into the WAMS On-line System, will be useful to Meghalaya State Waqf Board for managing their Waqf Properties. This experience gained by the Waqf Board Officials could be utilized to complete the GPS Survey of rest of the Waqf Properties of Meghalaya State as they are small in numbers (58) compared to other Waqf Boards.

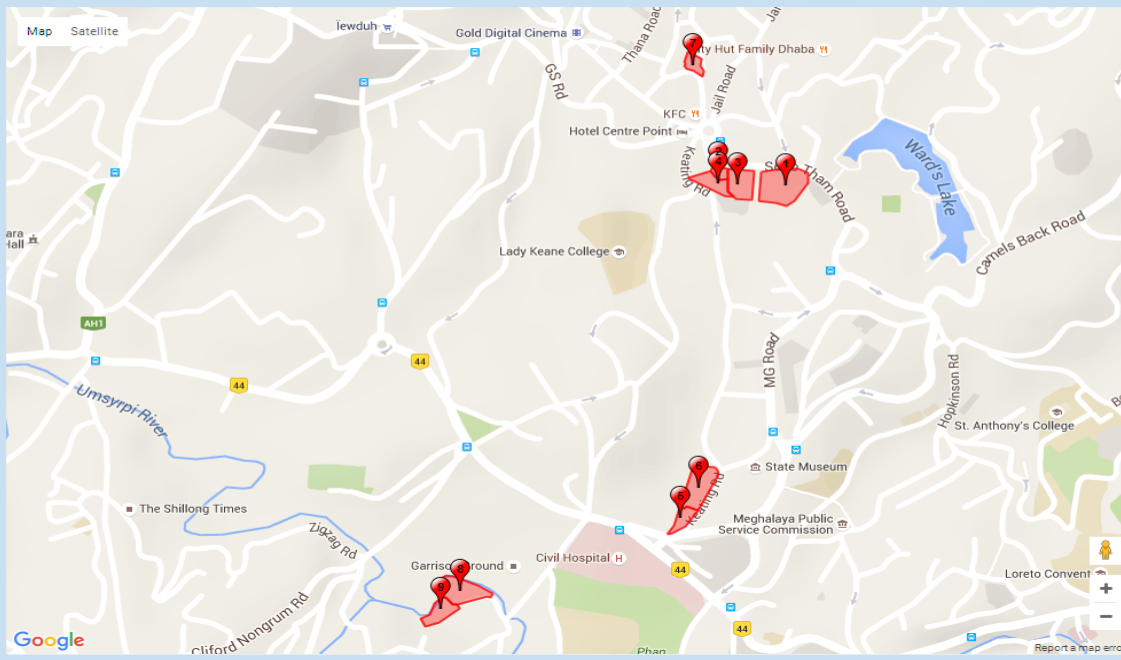

As the time goes, GIS Reporting available in WAMS On-line System will regularly help in decision making by the Meghalaya State Waqf Board in identifying the encroachments (if any) on the Waqf Properties either in the past as well as in future through Historical Satellite Imageries apart from automatic drawing of layouts and finding approximate areas of the Waqf Properties through Satellite Imageries.

Snapshots of WAMS On-line System in which all 9 sample Waqf Properties which were GPS Surveyed, available to the General Public through its Public Interface <http://wamsi.nic.in/> without any Username & Password.
