 **AUTOMECH**TM
SILENT GENSETS
When Power Matters

Powered By:
 **EICHER**
ENGINES

AUTOMECH Gensets (Powered by **EICHER ENGINES**) that will shatter the established power equations in the Industry.....Setting new benchmarks of ruggedness, reliability and performance.

ABOUT US

Automech genset are manufactured by Veena Industries limited, the company which has been at the forefront of excellence in engineering since 1978. '**Veena Industries Ltd.**' is promoted by '**Agarwal Group**' and is headed by two IIT Kanpur graduates. The group has seen a phenomenal growth rate with its turnover increasing from Rs 60 Cr to Rs 400 Cr in the last 4 years, itself.

This unprecedented high growth has primarily been fuelled by our moving in the direction of our group's vision viz, "**to be a leading player in the energy sector through manufacture of Gensets, windmills and solar power equipments and also to become a quality supplier of engineering products and services for domestic & international customers**".

Already we are one of the largest suppliers of Gensets in the country today. Our Gensets are sold under the brand name of "**Automech**" and we assemble an average of more than 2000 DG sets pm.

AUTOMECH DG Sets are powered by '**EICHER ENGINES**', well known for their ruggedness, economics of performance & high reliability. Eicher Engines are based on AIR/WATER-COOLED technology and have powered more than 50,000 Silent DG Sets running across the country.

Eicher Engines have earned the trust of millions of users as these engines can be operated for long periods without stopping the engine, require lowest maintenance cost, offer best-in-class fuel economy and meet the latest emission norms.

Veena Industries Ltd is authorised GOEA of Eicher Engines. We have created an enviable position for ourselves in the Industry because of our commitment towards product quality and total customer satisfaction. Our state-of-the-art design & manufacturing facilities, strong service support and customer friendly attitude have made '**AUTOMECH**' DG sets the first choice for most telecom corporates such as Airtel, Hutch, Reliance, Idea, Nokia and many others.

Veena Industries Limited has always been associated with Modern Infrastructure, continuous Research and Development, and its sales and service network.

At Veena Industries Limited, we bring a tradition of superior technology, unbeatable quality and uncompromising value. A tradition that has always been our legacy.

Its our commitment to ensure that our customers get the world class, top-of-the line product. We employ best-in-class technology, so that we can enhance performance and profitability at your end.

MANUFACTURING

Automech gensets are manufactured at three state of the art plants, situated at Pune, Silvassa, and Jammu. All these plants are equipped with the latest machinery such as CNC Laser Cutting, CNC Bending and a fully automated powder coating facility. The factories are ISO 9001-2000 certified units. The plants are also fully equipped with modern equipment for manufacturing and testing of gensets. Quality checks are applied across the complete production cycle, and all these are managed by the qualified engineers and skilled/experience workforce.

The canopies are modular in design and are manufactured using CNC Laser machine to ensure zero defects.
